## Marching Machine

# Thunderbirds Highlight Activities

## With Precision Drills, Performances

Port Huron High School's dance and drill team is the Thunderbirds. They consist of 20 girls and a Little Red Princess. They practice two hours a day 3-4 times a week.

Before school started this year, the Thunderbirds had been practicing, dancing and marching to all the new routines their executives brought back from Smith Walbridge camp in Syracuse Indiana. While at camp they received ribbons for their group.

Earlier this year they placed second at the International Music Festival in Toronto.

Their plans for this year are to keep on performing and practicing hard for their annual competition in Rochester, Michigan, where they are up against stiff competition. They always seem to manage to come through and bring back a trophy for our school.

# Display Flags Enjoy Performing

## Display Flags

One part of the Big Reds Marching Machine is the Display Flags. The Display Flags add color and variety to the Marching Machine. The 1977-78 Flags officers are Michele Williams (captain), Chris White (co-captain), Joyce Gosman (sec.), Theresa Polechonski (treas.), Dana Parks (historian), and Bonnie Boyd (mascot). The rest of the members are: Cindy Prater, Kelly Herring, Diane Radske, and Debbie Harris. The Display Flags perform at the evening football games, (selected) basketball games, and such things as the band-tastic and different parades. They also travel with the Marching Machine like the trip to Toronto, in which they won first place in competition. They have performed at talent shows, worked as hostesses at the International Dinner, and worked as ushers at the spring concert. The Flags raised money by having bake sales, selling candy, and helping the Breakfast Optimist with their Chicken barbecue.

# Tom-A-Hawks, Color Guard Boost Band

The Tom-A-Hawks perform at football games, basketball games, and other events.

The 1977-78 team consists of: Patty Bolman (Capt.), Marsha Weber (Co-Capt.), Linda Streeter (sec.), Kim Bowman (treas.), Rhonda Eagle (mascot), Sue Glenn, Judy Manzel, Kathy Marsh, Nancy Boehm, and Lisa Weir.

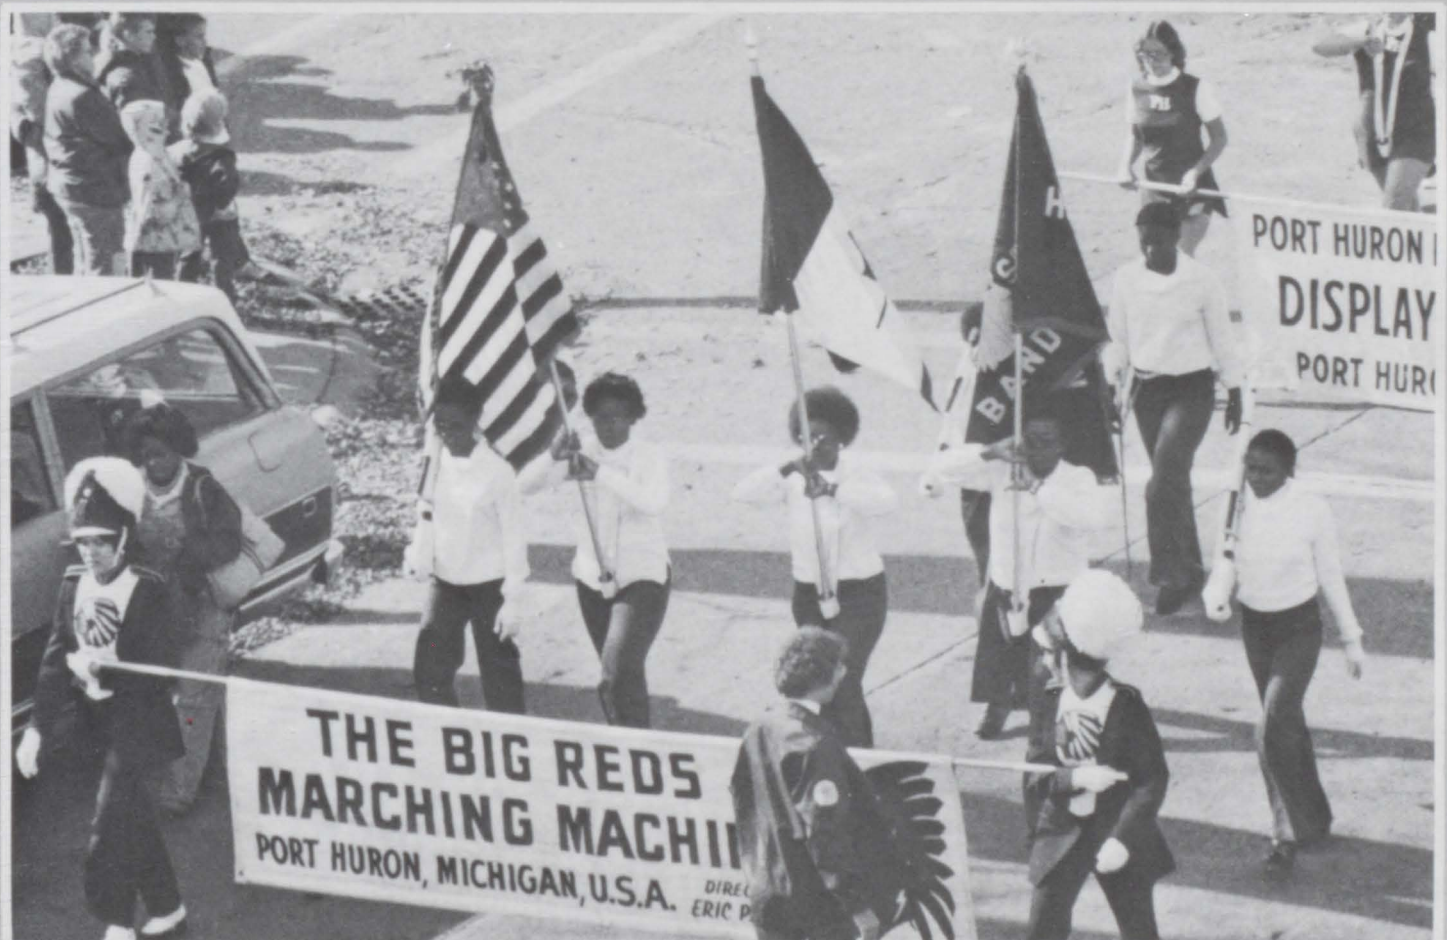

Tom-A-Hawks hold tryouts twice a year and anyone can join.

They practice three nights a week and they really work hard to boost the cheering for our school.

# Tom-A-Hawks, Color Guard Boost Band

The Port Huron Big Reds Color Guards are Part of the Big Red Marching Machine. Pictured to the left are Captain Sonya Williams, Co-Captain Michelle Thornwell, Treasurer Judy Nichols, Flag Carriers Lori Nichols, Lori Woodyard, Elana Thompson; Gun Carriers Rhonda Callahan, Cheryl Witherspoon, Virginia McMillian. The Color Guards also went to Florida with the band. Color Guards are sponsored by Phyllis Reed.

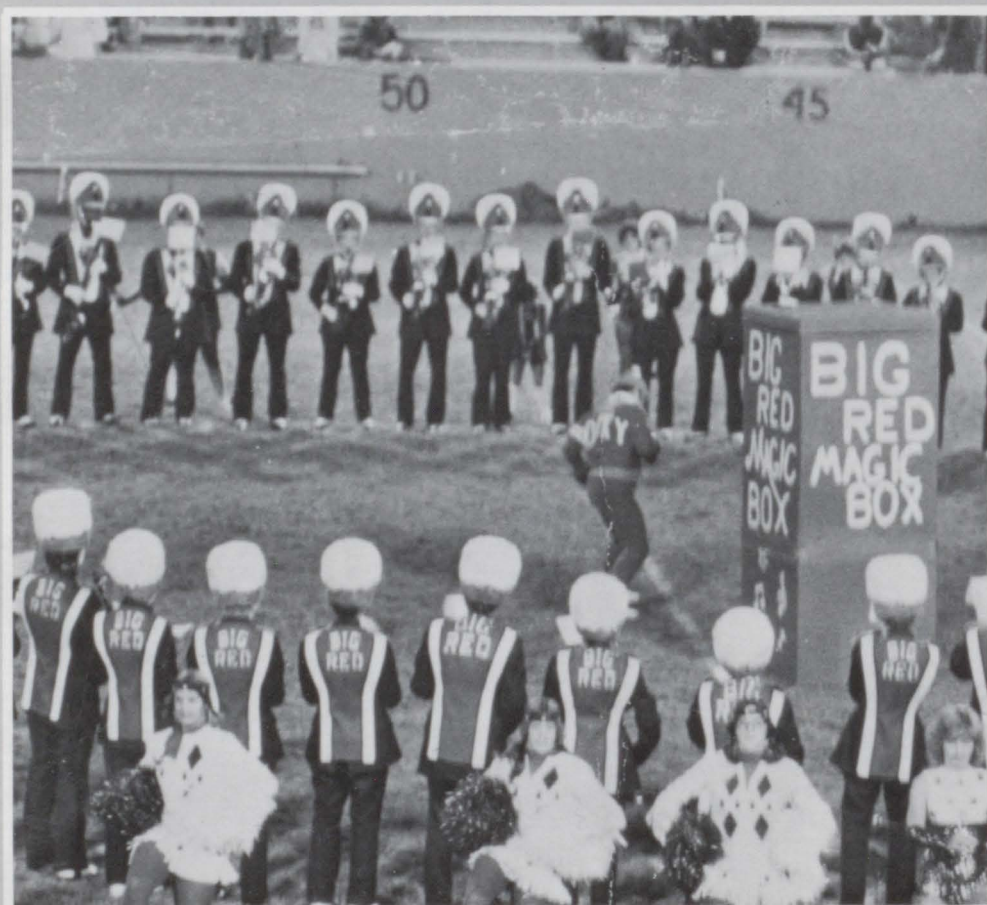

# Big Reds Band Gets Good Exposure

The Cherokettes surprised the Marching Machine by having a large turn out of new performers. Captain this year is Denise Cameron. The sponsor for this year is Miss Sandy Swainson.

The Cherokettes march along with the Marching Machine. They perform for both football and basketball games.

Practices are held Monday thru Wednesday in the heater halls. If you are good at twirling and have good spirit come and join.

# Machine Leads Parade At Homecoming

## HOMECOMING PARADE

The 1977 Homecoming Parade was led off by the Big Red Marching Machine. Following right behind the machine was the Honors Band. Added to this year's parade was a float built by the band which had the Big Red Magic Box on it. Next in line were the Homecoming Court Nominees before each of their class's float. Debbie Tremble, Lori Walsh, and Kim Swaffield rode in front of the senior float, "Mickey

Mouse." Second was Carolyn Nutt and Sandy Korth preceding their class float, "Pepe le Pew." The sophomore's nominees of Jodi Rutherford and Cathy Giroux lead their class float, "Sylvester and Tweety." Finally the freshman nominees of Denise Walsh and Penny Sharrow led their float, "Snoopy and Woodstock." Following the parade were future Port Huron High Big Reds from Kimball Junior High School.

The Seniors' "Mickey Mouse" Float Took First Place.

# Senior Float Takes 1st

This year, the floats were based on cartoon characters. All of the people who worked on the floats deserve credit for the good job they did.

As usual, the Seniors took first place with their creation of Mickey Mouse. The float builders this year for the Seniors were Kathy Grant, Annette Crimmins, Pete Peterson, Doug Patrick, Doug Tracey, Mickey Hindes, Barb Dusellier, Kathy Fisher, Ken Laur, Dave Hutchinson, and many more were responsible for making the Senior float best.

Juniors came in second with Doug Roach, Scott Glombowski, Sue Smith, Debbie Miesner, Therese Crimmins, Chris Crimmins, Donna Conn, Tim Conroy, Todd Conroy, Dave Redfield, Sandy Redfield, Jim Bradbury, Betty Kaupp, Pam VanConant, Rex Boswell, Steve Kotsko, and others made the Junior float the way it was.

Sophomores came in third with their version of "Tweety" and Sylvester." The float builders were Julianne Watson, Craig Becker, John Schock, Jerry Thomas, Karen Kromer, Barb Carroll, Barb Smith, Rich Dusellier, Bernie Long, Barb Riedel, Dana Parks, Harry Flemming, Mike Cogley, Mike Bork, and more made the Sophomore float what it was.

Freshman came in last place and they were very disappointed but they still did a good job on their float and the ones who deserve the credit are Lary MacDonald, Diana Roller, Gayle Strobbe, Gayle Shaefer, Maggie Maynard, Dan Bradbury, Jeannine Gurnsey, Kelly Lashbrook, Dave Castillo, Steve Gross, Mark McClelland, Lori Strilcov, Mike Eastwood, Dana Stolliker, and many more really helped the Freshman float, even if it came in last place.

By Kathie Davis

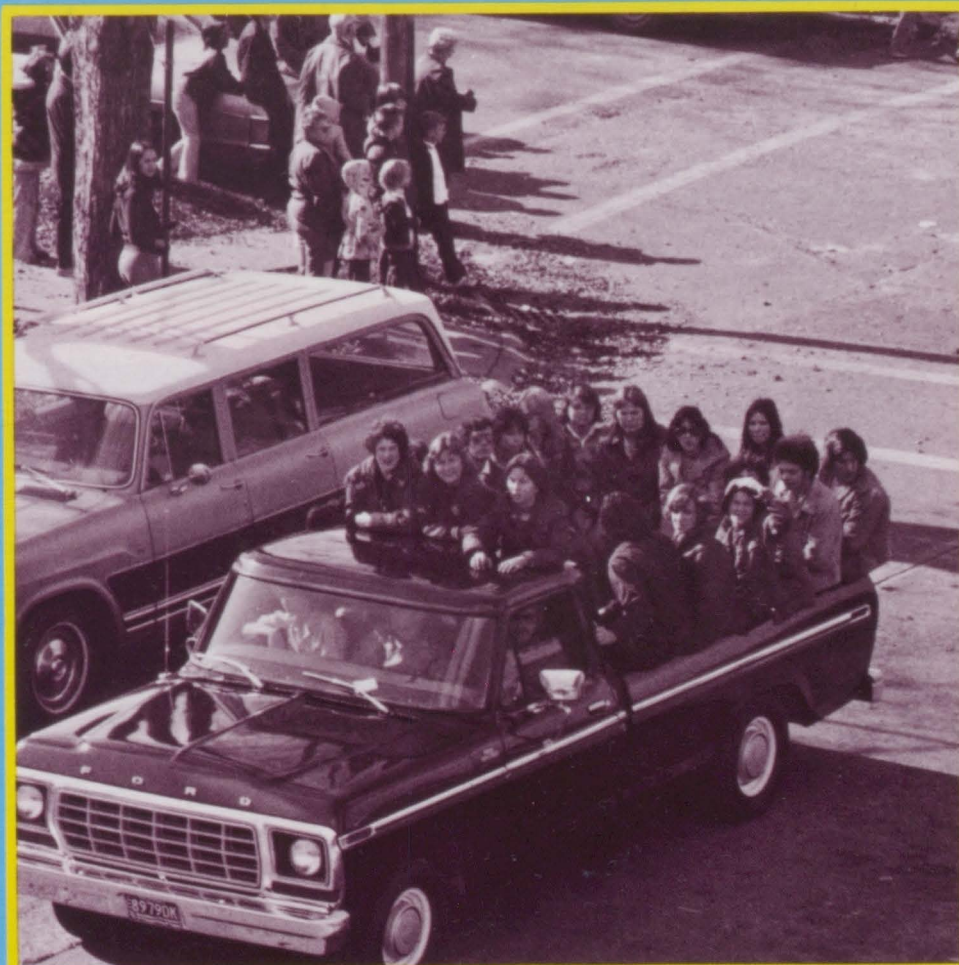

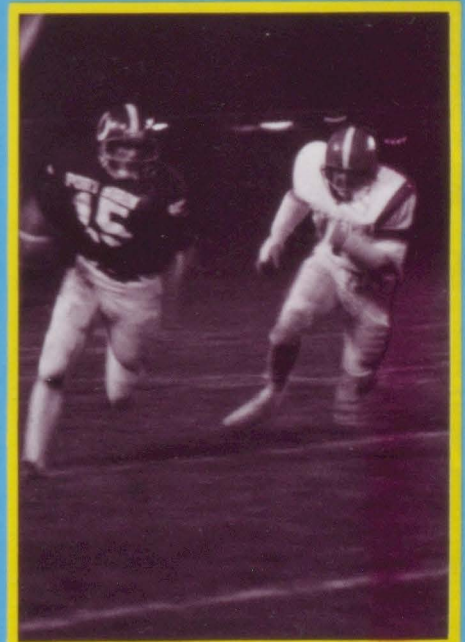

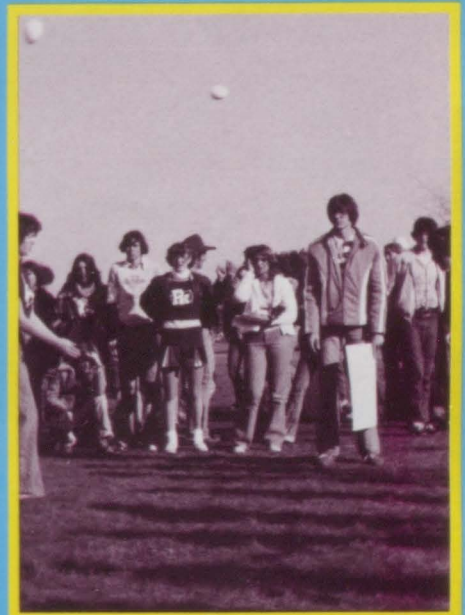

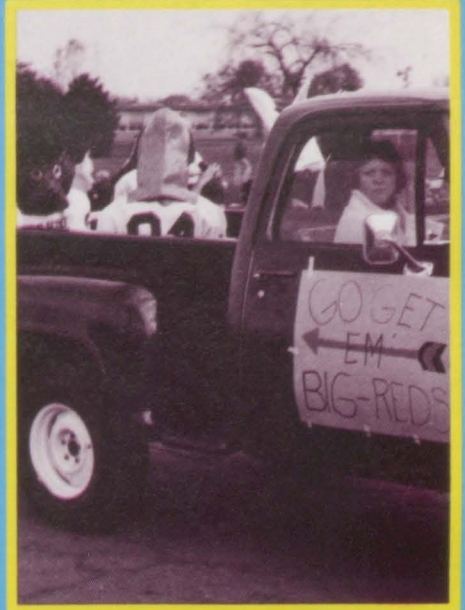

1. The 2nd place Junior float of "Pepe Le Pew." 2. A truckful of sophomores with their 3rd place float of "Sylvester & Tweety." 3. An outstanding Freshmen float which took a 4th place with "Snoopy."

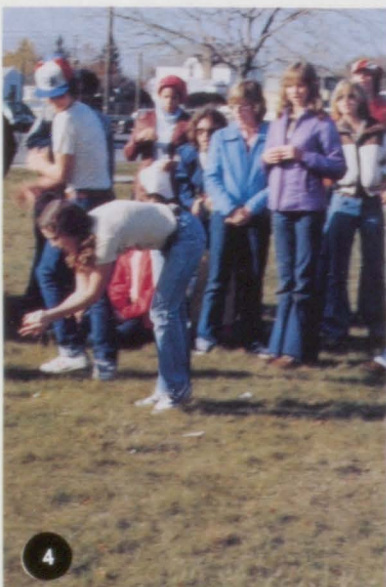

# Homecoming Week Games Provide Big Reds With Fun Activities

# Sophs Beat Seniors By 30 Points

The Sophomores took first place in the Homecoming games with 290 points. The Seniors took second with 260 points. Then the Juniors with 240 points, and last were Freshmen with 230 points.

The game consisted of the bubble blowing contest won by Robert Thomas (a freshman); the four-legged race was won by Barb Carroll, Kim Brown, Tom Bradbury, Linda Sears, and Warren Brooks (sophomores); The wheelbarrow race was won by Ron Brown and Paul Meyers (seniors); and the tug of war won by the freshman (no freshman class has won tug of war since the class of "79"). Ken Laur supplied the Dodge Colt for the stuff the bug. The juniors won with 22 people in one Dodge Colt! The egg toss was won by Dave Genaw and Tom Bradbury (sophomores). The hamburger eating contest was won by Jim Arnold (a sophomore). Everybody put forth their greatest effort. Even if they did not win, everyone had a good time.

1. It's what we call putting your hands into it. 2. Quit at 9 would have heaved at 10. 3. Paul Meyers and Ron Brown stretch for 1st. 4. Pressing it for an egg bath. 5. 1978 Homecoming Queen Debbie Tremble

# Debbie Tremble Elected Queen

Debbie Tremble was revealed as the 1977 Homecoming Queen at the Homecoming Dance. There were approximately 300 students, friends and faculty present at the dance. It was a very tense moment when Ike Russell stepped up to read off the 1978 Queen as Debbie Tremble. Excitement filled the air as she proudly took her place. Everyone enjoyed the music by "Masque," and it was a night to remember for everyone present. All nominees for court were presented.

Once again our Student Council put on a successful Homecoming Dance to end the festivities of Homecoming week. Featured at the dance was a local band called "Masque," which did a fine job of keeping people out on the dance floor. Student Council had the idea of balloons falling when the Homecoming Queen was crowned.

Refreshments were served and everyone went home happy, especially Debbie Tremble, 1978 Homecoming queen.

This year's 1977-78 yearbook is proud of our helpful secretaries. they helped us picture the students in the yearbook. Mrs. Kipp (1) is the secretary to our principal Mr. Wydrzynski. She does typing, filing, and many other important jobs. Mrs. Zieg (2) takes care of all the school's accounts and expenses, a very tedious job for anyone. Mrs. Bowman (3) is secretary to the counselors as well as Mr. Haynes. Not only that, but she handles all student records, does college correspondence and holds out a helping hand in emergencies. "I try to have an open door for all of the students," said Mrs. Bowan. Mrs. Emlaw (4) is kept very busy assisting Mr. Ufford and Mr. Lyszak. Her main jobs are taking care of tardies, absences, student enrollment, audit, truancy, suspension, and typing up white sheets, yellow sheets, and many other jobs. Mrs. Gostinger (5) is reponsible for helping out other staff members and handling transcripts. Mrs. Bingham (6) is the secretary to three librarians and is responsible for a lot of difficult paper work. Mrs. Efstratis (7) arranges for substitutes, handles graduation, and takes care of student eligibility. Miss Swainson (9) and Miss Knowles (8) are both very energetic teacher aides.

# Art Challenges Creative Ability

The art department has been very busy this year. A few things they have done are collagraph making, dry point etching, and metalsmithing. A few of the outstanding collagraph makers were Chuck Thompson, Patti Samson, Pam Brown, William Rios and Mary Shonka. William Rios did an unusual bird with a sleek body punched into thin wood. Mary Shonka did an unsettling scene of a ship sailing over stormy waters. It was entitled "Stormy Seas." For dry point etching, Jim Pettingill, Julie Puddock, Kenny Doman, Art Jones, and Bill Jeffery did outstanding jobs. Bill Jeffery did an extraordinary picture of an exotic bird.

The Port Huron High School Choirs are made of students who enjoy music, like to sing, and enjoy working together to perform for others.

The Accappella Choir performs three major concerts during the school year; the annual Christmas Concert, spring concert, and a staged musical production. Music repertoire consists of selections from classics, the stage and contemporary literature.

The Chorale, a smaller group from within the Accappella Choir, sings upon invitation. Membership consists of upper classmen.

The Festival Choir consists of freshmen and upperclassmen who are beginning high school choir students. Their main objectives are learning to read music and learning to sing. They also perform in the Christmas and spring concerts.

# Social Studies Delve Into Past

Social Studies is a big part of every student's life. People say that history has a habit of repeating itself. Therefore, we want to make sure we don't make the same mistakes over again. We can learn from past mistakes.

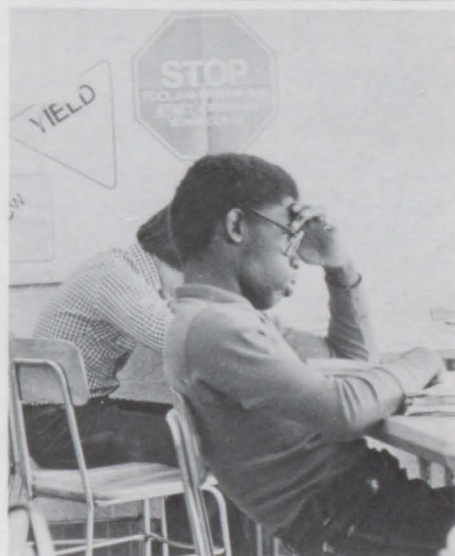

Our teachers help us to understand the past by acting out important ideas. By learning more about the past, we can work for a better tomorrow.

The teachers who work with Department Chairman Richard Dougherty, are Mr. Burgess, Mr. Domke, Mr. Harrison, Mr. Hodge, Mrs. LaVoy, Mr. Lutz, Mrs. Marks, Mr. Mason, Mr. Schnieder, Miss Zuehlke, Mrs. Lewis, and Mr. Artman. These teachers make it seem like you can never know enough about the past. Questions form because students wonder why people did the things they did.

# Reading & Writing = English

# Good Food Highlights Home Ec

The home economics teachers this year are Ms. Kay Browksi and Mrs. Kathy Niemi. Students get to make many things in classes like Foods I Home and Family Living, Leisure Time, Cloth I, and Child Development. These classes really teach you a lot, but most of all, they're fun! Ms. Kay Browksi teaches Foods I, Home and Family Living, and Child Development, Mrs. Kathy Niemi teaches Leisure Time, Cloth I and Cloth 3. These classes prepare you for your future home life. Some of the students creating special projects included Julie Todd, Nan Miller, Steve Bates, Cheryl Hinojosa, Lynn Applegate, Wendy Robinson, Lynda Kenner, Sandy Radatz, and Lorna Bigger.

# Languages Offer Varied Experiences

The language classes are always busy creating new projects in their class. The first year Spanish students tried cooking loinuelos, which is a Spanish dish made especially for the Christmas season. Mexican restaurant menus were prepared by the second year students. Mr. Owens' third year class "interviewed" a famous person they wanted to meet. And for a future project they are planning to make a 30 minute radio station program complete with music, news, sports, weather, and commercials in Spanish.

The German French classes are hard at work on various projects this year. Instead of just the same routine of learning the language, students make seasonal projects.

# Business Ed. Stresses Work Skills

This year's 1978 Business Department is unusually unique. The teachers prepare students for future occupations in business, such as Data Processing, record keeping, office occupation, typing, shorthand, and a most useful course for everyone, marketing & merchandising.

Mr. Clair takes care of co-op, putting students into jobs. The other teachers work at teaching their students all they'll need to know to be successful at their jobs. Mrs. Baker, Miss Dittenber, Mrs. Harris, Mrs. Mugan, Mr. Verran, and Mr. Winters all work hard to keep their students up to date in business skills.

# Gym Develops Skills, Muscles

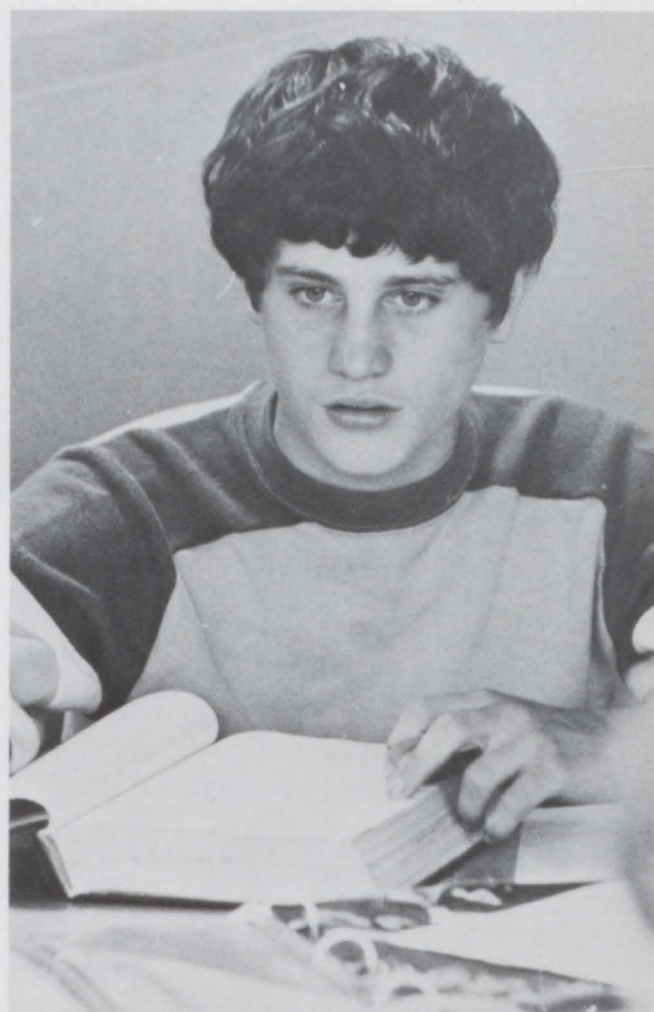

# Science Explains How Things Work

Science is a key to the future at Port Huron High. Our teachers furnish the key to a door of a new world. They teach us what to expect, and what lies beyond for us. Through experiments we learn to use our hands as well as our minds. We're given the chance to learn from our mistakes. The head of the department is Mr. Charles Richards. Not so much from books like other classes, science takes students out in the world so they can relate to the earth and all its wonders. These experiments teach about such things as fires, explosions, and how simple things work.

# Math — Quotient To Success

Most of us need math for jobs outside our school. Math doesn't just mean math. There are more challenges than just math for people who want them, such as algebra, geometry, trigonometry, and advanced math. After all, without any knowledge of math, we couldn't make change for lunch, buy clothes, buy a car, buy gas . . . There are only six seniors who have gone all the way in math for four years. These seniors include Annette Crimmins, Kathy Fischer, Donna Hoffman, Ron Parmann, Jim Pochodylo, and Will Soderberg.

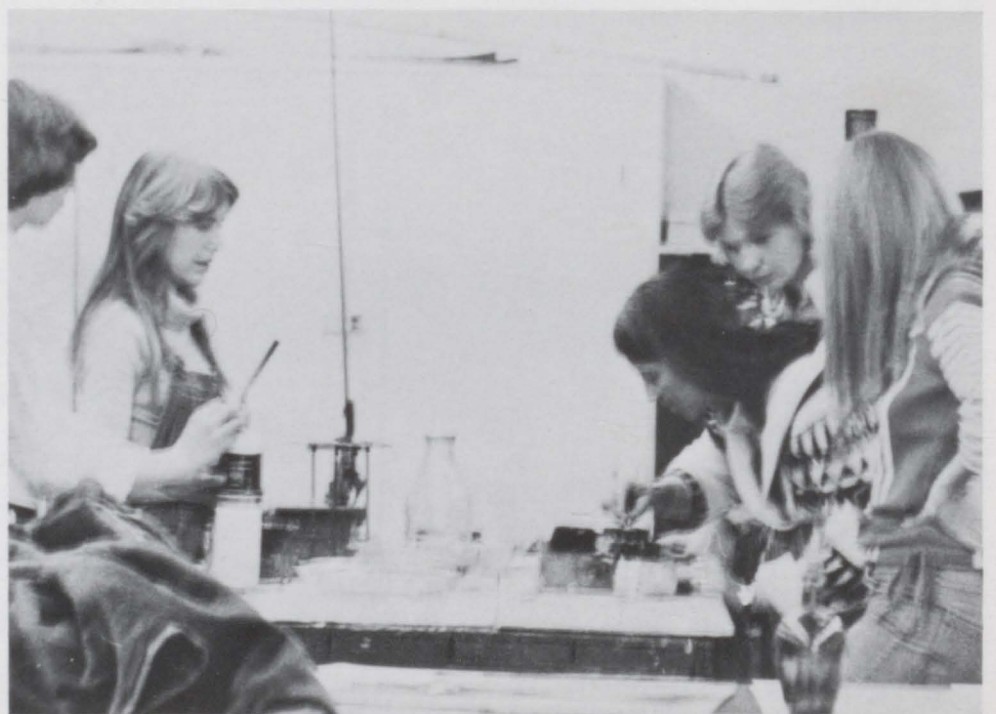

# Shop Introduces Future Vocations

Electronics classes are offered first and fourth hour. These classes are busy learning how electronic fixtures function and operate. They repair and find out what makes things tick on such electronic devices as television sets, radios, and CB radios. If you are interested in electronics, enroll in the class — you just might get a shocking experience out of it.

In addition to electronics class, there are many more industrial education classes which are very helpful in giving a student a head start in the field he chooses. Among the classes available to the students are vocational welding, electronics, wood shop, machine shop, power mechanics, drafting, general shop, and metals. The industrial arts teaching staff includes Floyd Belt, Mike Bachelor, Bill Burger, Tony Bonita, Ron Murmuys, Steve Hunter, and Mr. Michael Whitaker. With wood, steel, and a little help from their teachers, students learn to shape their ideas.

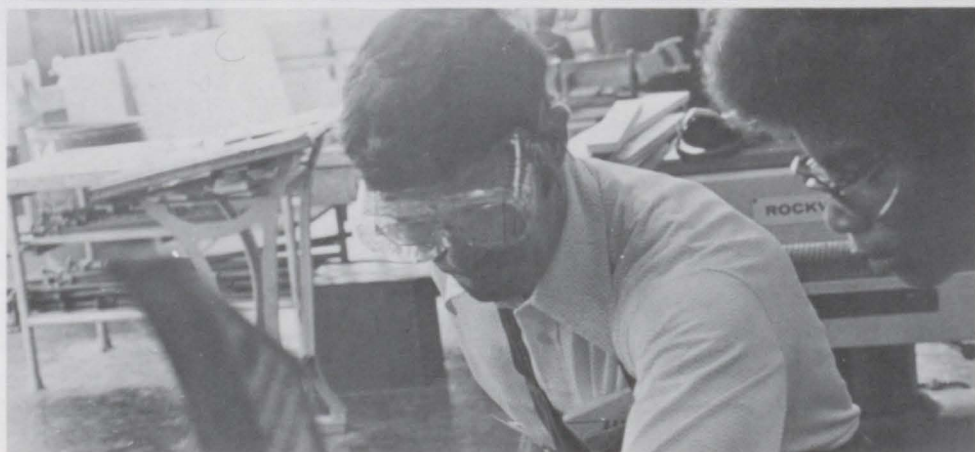

# Beauty Abounds In Wood, Metal Shop

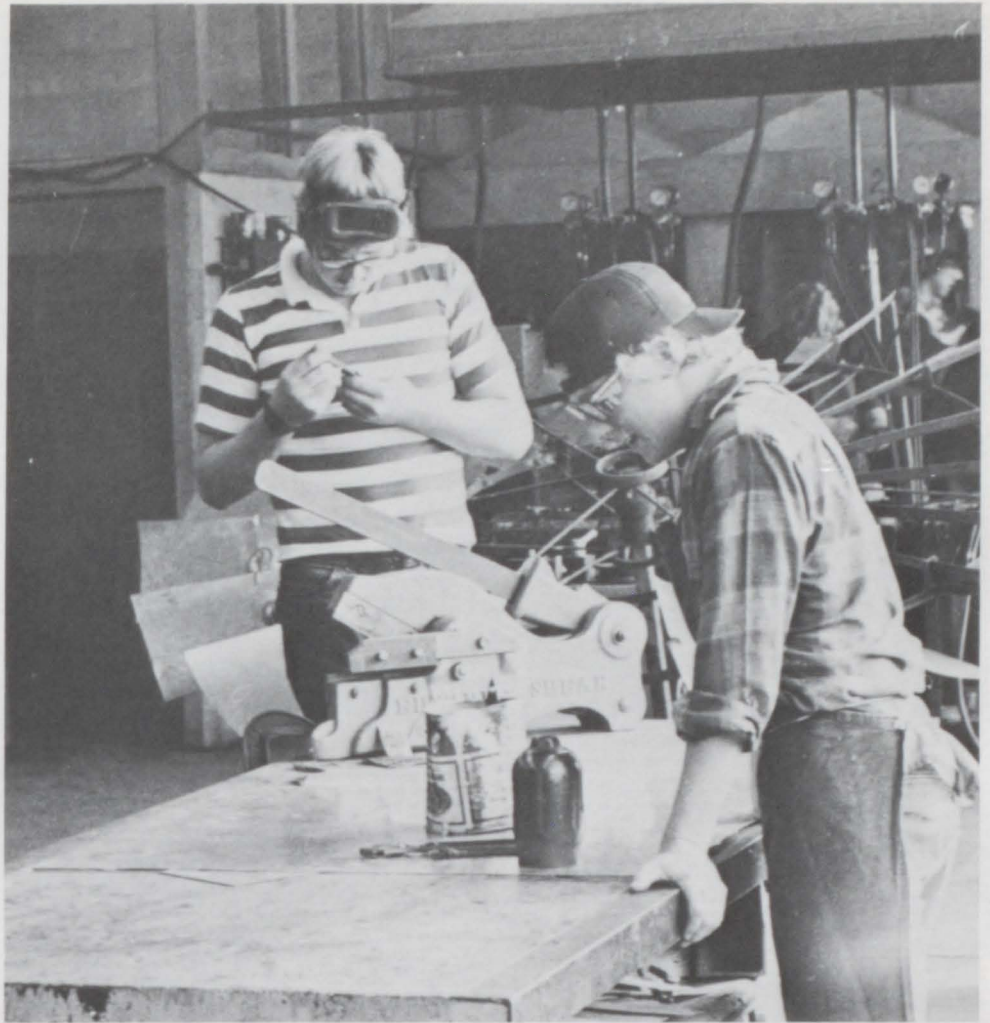

Experience the beauty and the architecture involved in woodshop. Grasping on to a piece of wood and putting it through machines like a levy or raw, filing it down and sanding it is a big challenge. When you're done and you have put on the last coat of varnish, you can stare at your masterpiece and be amazed, thinking you'd never get it done. You could make things from a nice spice rack to a table. By using your hands, you can do many things. Yes, woodshop does have a lot of beauty, doesn't it?

A metals class gives each student a chance to be creative, to experiment with his mind and his hands, to express his imagination through his work. Some of the more experienced students known for their work are Bill Pollock, Mark Stager, Doug Rich, and Don Plaut.

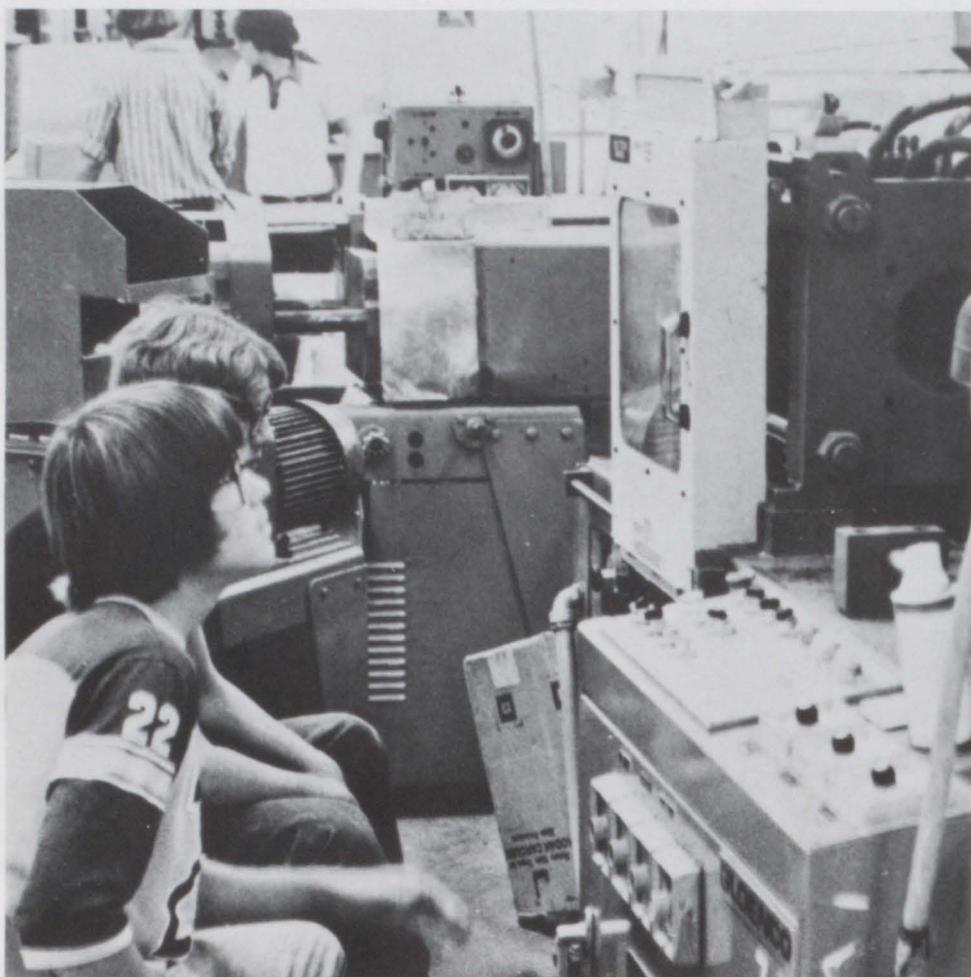

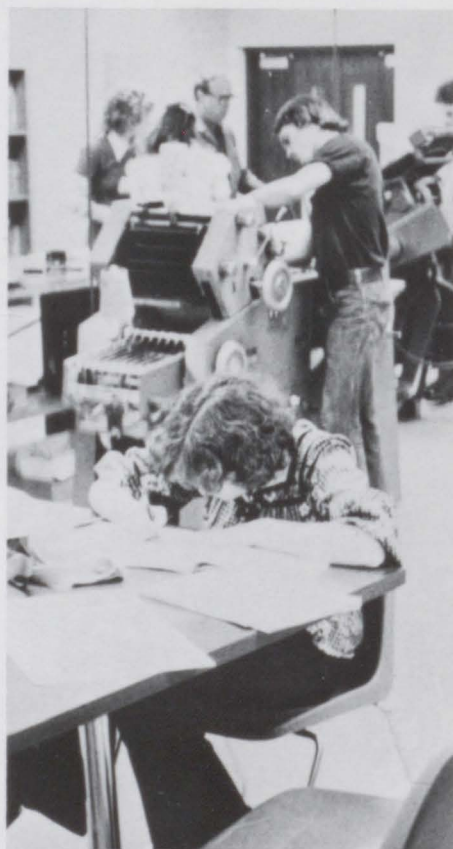

# Skills Center Offers Careers

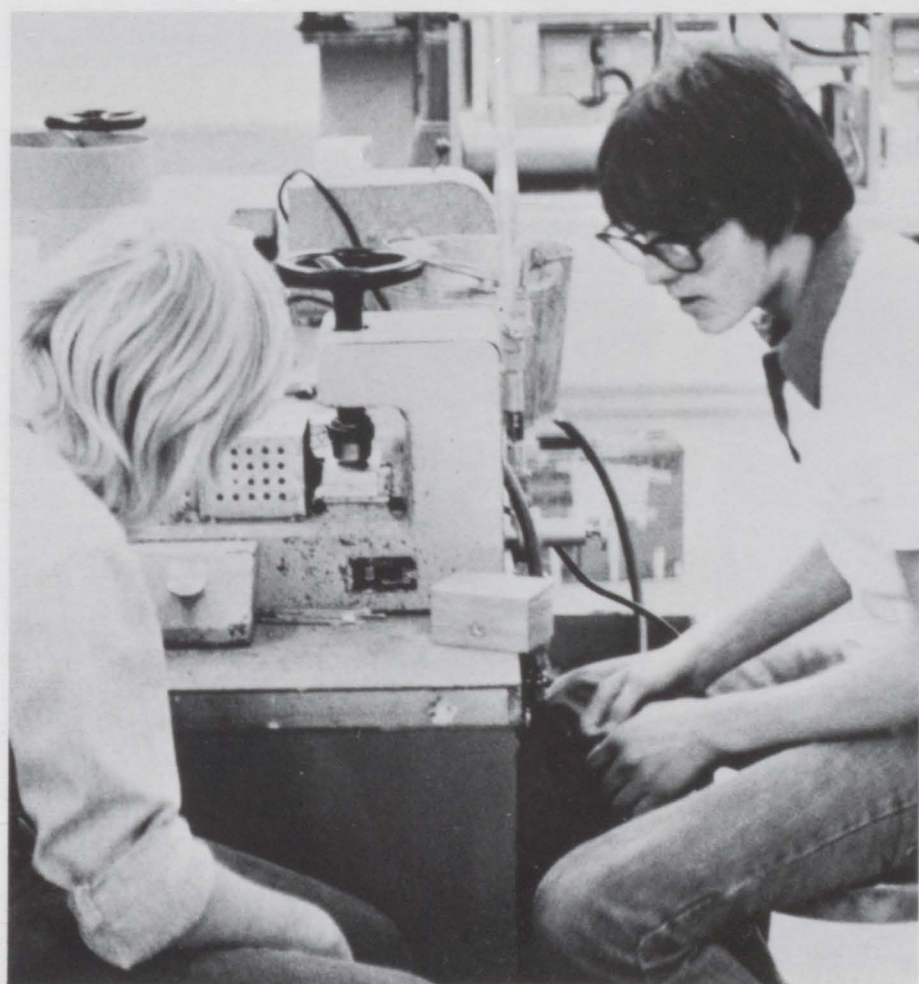

The skills center is a chance to experience a job opportunity before going to college. It is a step in the right direction for those who can get into things.

The skills center has many different kinds of enrollments. Skills dealing with dentistry, fixing cars, building houses or concreting sidewalks. According to Mark Langolf and Scott Coates it is the best school they have ever been to and that it is quite an experience. Essentially, students go to class, take roll, then work on whatever project is scheduled for the full three hour class.

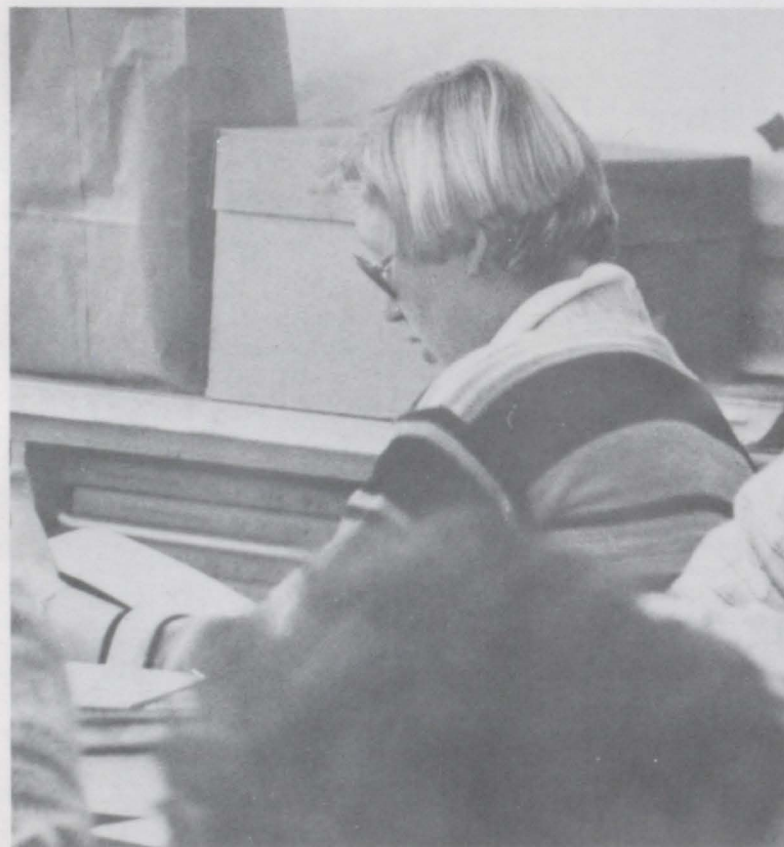

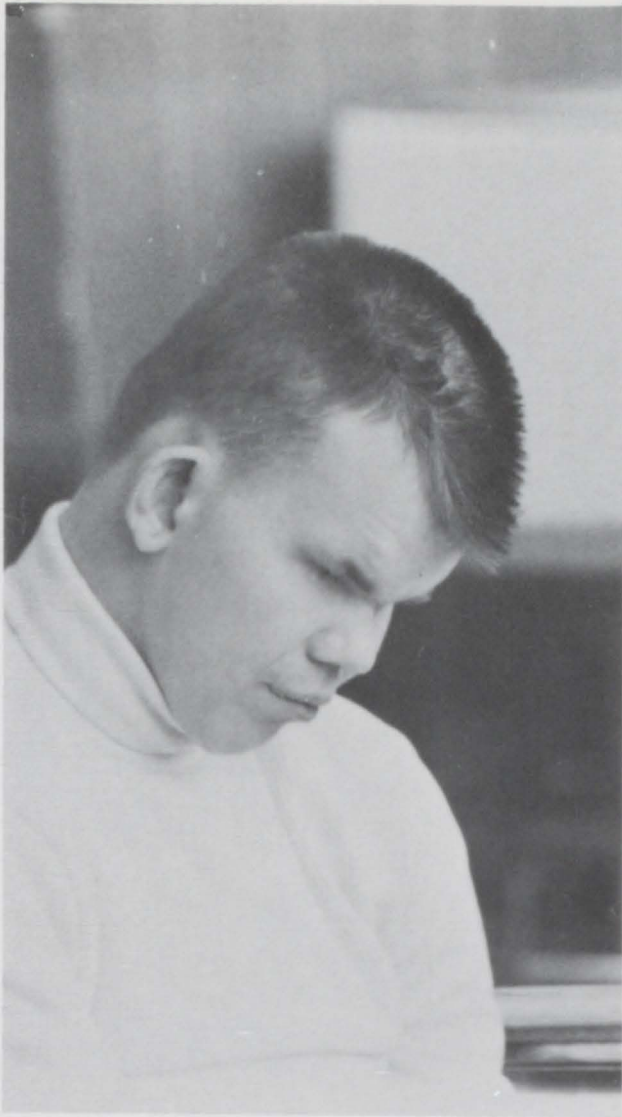

# Special Education Stresses Skills

There are three special education rooms in the school. Two of them are academic, and one of them is voc. ed. The special education students study the same subjects as regular high school students do, but at a slower pace. The teachers are Mrs. Steinbach, Miss Alves, Mr. Peltz, and Mrs. McMorran-King. Many of the studies are individual, and some of the students go to the skill center. The voc. ed. class has a group called the trouble-shooters. They chop wood and deliver it.

Some of the students will be learning skills at the hospital and they might be qualified to get a job there.

# Cheerleaders Like It Loud!

## Cheerleaders

The 1977-78 cheerleaders have kept pretty busy this year organizing numerous bake sales, car washes, candy sales, pep assemblies, contests, as well as their practices. They find time to cheer, too, and to show their spirit throughout the school in every way possible.

This year the Varsity Cheerleaders went to camp at the University of Michigan's VSCA Camps all American. Among numerous chants, cheers, skits, super high mounts, and fresh spirit ideas, they brought back a second-place all around trophy.

Mrs. Ellen Gettlemen, who has been the sponsor of the cheerleaders for the past four years, will be ending her tenure this year. The cheerleaders would like to express their deep appreciation for all the help they get from the Big Red fans. The student body's effort is what makes the cheerleaders try so hard.

# Student Council Initiates Activities

Student Council trains young leaders to be tomorrow's citizens. It provides a means for students to take an active part in their community and cooperate with those around them.

Student Council is one of the top activities at P.H.S. It makes decisions which affect students and responds to student needs and desires. This year's officers are Dotty Johnson, president; Susie Smith, vice president; Sandy Korth, secretary; Mark Moen, parliamentarian; and a new office appointed this year, historian, held by Steve Lewis.

Mr. Harry Burgess is the sponsor. He helps in every possible way he can and he gets the Student Council motivated. Student Council is a lot of fun, but there's work to be done.

# Mu Alpha Thetans Go For Math

Mu Alpha Theta stands for the word math in Greek. It is an honorary club for math students.

It helps students to understand and enjoy math. It also prepares each student for college math. To be eligible to become a member, students must have a 3.4 average or better in Algebra I and 2, Geometry 1 and 2, or be enrolled in Algebra 3 and 4.

The officers for this year are President Doug Patrick; Vice-President Annette Crimmins; Treasurer Jim Pochodylo; Secretary Kathy Fischer; Historian Donna Hoffman.

Mr. Verran is their sponsor. This year the Honor Society made plans to have their annual candy cane sale just before Christmas. The National Honor Society Members are elected in the spring by the faculty. The names are then announced at the awards assembly in May. The students are elected on the basis of outstanding qualities in Leadership, Character, Scholarship, and Service to the school. Members must have maintained a 3.0 average or higher through the year.

*Students Students Students Students*

During your first year at high school you meet a lot of challenges. The freshman class had just that. They elected four class officers and ten Student Council representatives. The representatives included Steve Carins, Dan Bradbury, Gayle Strobbe, Lori French, Carol Miller, Colleene McIntire, Jeannine Gurnsey, Lori Strilcor, Lori Keeler, and Susan Daugherty. Throughout the year these people met the challenges of P.H.H.S. and help to make school more fun and not just all study.

Shortly after the beginning of the school year, the freshman class nominated 11 court candidates. They are as follows; (top row L to R) Melissa Donovan, Deanna Roller, Tonie Pelc, Penny Sharrow, and Denise Walsh. (bottom row L to R): Gayle Schaefer, and Beth Powell. ## For Leaders

Leaders are important in today's society. The Freshman Class shows promising results of turning out just that. People such as the class officers (page 101), and the Student Council Representatives (page 100), are perfect examples of tomorrow's leaders. These are only a few examples of what the Class of 81 has. True, not every one is made to be a leader, but a great many in the freshman class have leadership potential.

# For Active

## Freshman: "A" Stands

The class of "81" is an active class. When they built the float they had a lot of people such as Larry MacDonald, Tonie Pelc, Deanna Roller, and many, many, more. The freshmen were active in going to the football games and at the pep assemblies, too. The freshmen were active during spirit week and on Halloween Dress-up Day, Sheri Messenger was a fisherman, and Lori Strilcov dressed as a tramp, and many others dressed to show we were active. So everyone says the "Class of 81" is an active class.

Active Freshman show great spirit.

## For Spirit

Participation in school activities is one way of promoting school spirit. On color day and during the pep assemblies the freshmen contributed everything they had. During December the Student Council organized a canned food-drive for the needy. They decided to make it into a contest between classes. The freshman class came in third place. This is just one example of the tremendous amount of school spirit the class of '81" has shown.

Work began during the second week of October and continued for 15 days, ending with a great product on October 27th at 11:15 p.m. John Shonka's design was carefully constructed by such builders as Mike Eastwood, Don Sams, Kate McLeod, Dana Stoliker, and many others. # Anter Leads Junior Class As President

The Juniors were off to a good start this year by electing Mary Jo Anter President. Kelli Hayes was elected vice-president, Charlotte Osborne was elected secretary, and Debbie Meisner treasurer. Life was hectic for the Juniors especially at Homecoming time with all of the float meetings and special events. Most Juniors participate in some way, but many have a difficult time trying to hold down a job and keeping up their grades.

# Seniors Leave Memories Behind

Mrs. Marks provided a lot of encouragement to the Senior class and was instrumental in the building of a winning float.

After four years of walking the halls of Port Huron High School, the Seniors are leaving behind many memories. Mickey Mouse gave the Seniors first place in the Homecoming float competition for the second year in a row. They also contributed much time and effort to all the activities during the year.

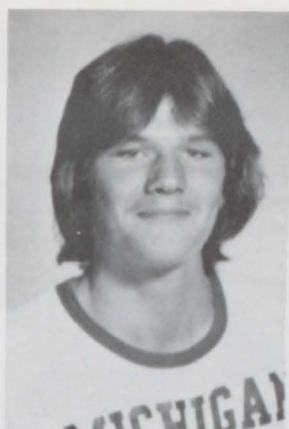

Rain failed to dampen spirits for the class picture at the Coca-Cola company. Most of the Seniors showed up despite the rain.

Pictured above are the Senior class officers. Mickey Hinds is the president; Annette Crimmins, vice president; Kim Swaffield, secretary; Nancy Taylor treasurer; and Dave Squires is the historian. At left is the class sponsor, Linda Marks.

# Class Of Seventy-Eight Makes PHHS History

Four long years ago, the Seniors started out as freshmen. They started off right by keeping their Homecoming float out of the cellar by taking third place in the competition. Lori Walsh and Cindy Neilson represented the class in the Homecoming Court.

It was a very calm year as nothing eventful happened besides the time Phil Harrison got a swirly in the lockerroom.

In their Sophomore year, Uncle Sam got another third place in the Homecoming float competition for the class. The class won their first pep jug and Homecoming games that year. Lori Walsh and Annette Crimmins were the Homecoming Court representatives.

# Seniors Get Physically Down

In their Junior year, the class pulled through without too many wounds. At Homecoming, the class came through with a winning float. The robot was built almost entirely on the last night. Although there was a problem in getting the float out of the barn, it finally got rolling. Representing the class on the Homecoming Court were Lori Walsh and Kim Swaffield.

The year was very interesting and since this was their first year driving, cruising town was one of the major activities.

After a spring filled with laziness and afternoons off, the Juniors were ready for summer and their Senior year.

The Senior year for the Seniors has proved to be very busy. After building their float on the last night, the Seniors continued their winning tradition as Mickey Mouse brought first place to the Class of Seventy-eight. The Homecoming Court nominees were Lori Walsh, Kim Swaffield, and the queen was Debbie Tremble.

Mrs. Marks kept the class busy selling things all year. Among them were candy, class T-shirts, and Raffle tickets for a St. Bernard.

Now that the Seniors are graduating and leaving the beloved halls of PHHS, they leave behind many memories of their years here. Memories like sitting up Sunday nights writing news-points, having to take final exams because their grades weren't high enough, turning eighteen, going to football games, basketball games, hockey games, Mr. Haynes patrolling the halls during sixth hour, Mrs. Marks' feminine sex class, Mickey Mouse, New Year's eve, Freebee, Jamming, Rock and Roll, Hoods, and especially the Senior Prom. These things will never be forgotten.

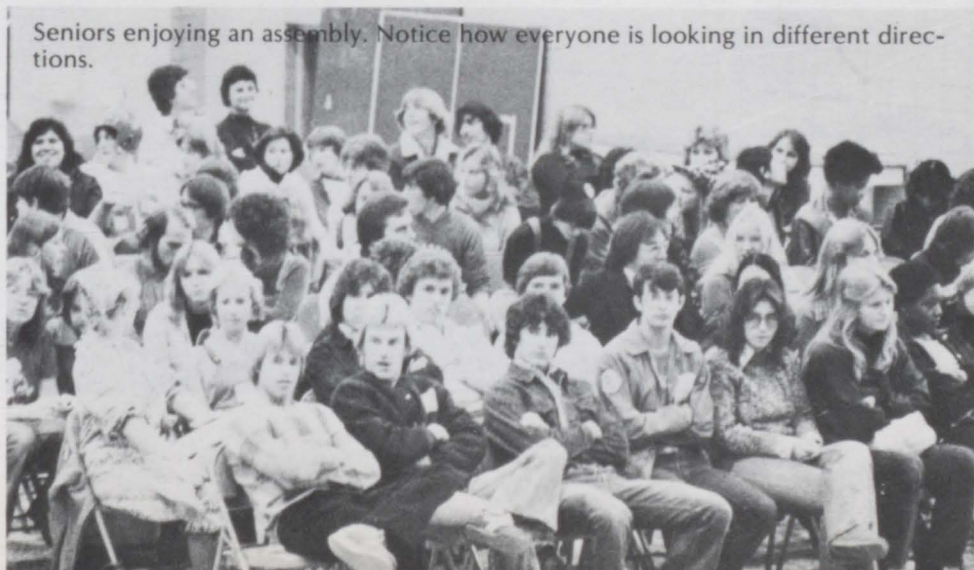

Kathy Grant relaxes after helping decorate Pete Peterson's Christmas tree.

Beth Green gets caught in the act.

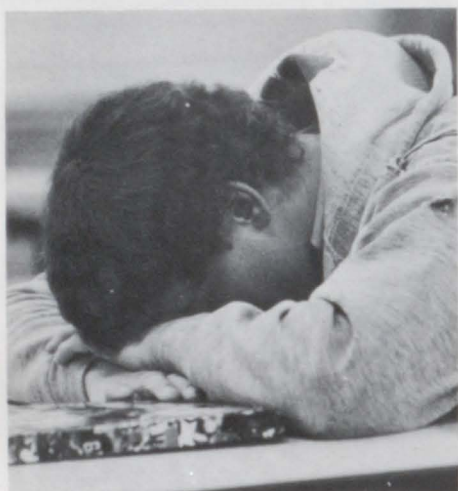

After meeting final yearbook deadline, Ken Laur quietly cracks up.
